

Don't Leave Anything

Lyrics & music: Clarence B Thunborg

I'm watching the dawn,
I wish it could ease my pain
The first snow is falling
and I am falling again
You seems so far away,
yet you are so close
I burned all my bridges,
I'm back on the roads

I don't leave anything when I go,
I don't leave anything when I go
I don't leave anything when I go,
I don't leave anything,
just open wounds

I done everything I could,
have nothing more to achieve
Now my tale of origin but still
have no answers to give
I am so tired,
I want this charade to end
There's no turning back now,
too exhausted to pretend

I don't leave anything when I go,
I don't leave anything when I go
I don't leave anything when I go,
I don't leave anything,
just open wounds

I hope you understand,
I wish you can see
I'm only a shadow of the man
I used to be
I dance like a clown,
follow mad mans pray
I got to get away now I'm so sorry
I just can't stay

I don't leave anything when I go,
I don't leave anything when I go
I don't leave anything when I go,
I don't leave anything,
just open wounds
I don't leave anything when I go,
I don't leave anything when I go
I don't leave anything when I go, I
don't leave anything,
just open wounds
